One possible version,

Next Thursday will be Thanksgiving Day. The person I want to thank most is my mother. My mother is an English teacher. She is tall with glasses. She looks a little serious. She is always busy with her work. In fact, she is the most hard-working person I know. Besides, she cares much about me in my life and study.

Last Thanksgiving was really special. I wrote a thank-you letter to my mom to thank her for what she had done for me. For dinner, I cooked turkey and a pumpkin pie for my mother. Before eating, my family all sat around the table and said what we were grateful and thankful for. Then, we enjoyed the delicious meal together.

What a wonderful Thanksgiving Day it was!

Last month, a great thing happened in Beijing. It was the 19th National Congress of CPC, in Chinese we call it "shijiuda". Now, let me tell you something about it. It opens once every five years. Many people take part in it. They are excellent people from all walks of life like doctors, writers, reporters and even the police. They discuss many things about how to make our country stronger and richer. They expect to help with the poor. They also want to make people live better, travel more easily and eat more safely. As a student, we should put all our hearts into study and be more hard-working. In this way, our country can be full of hope and have a great tomorrow.
